Package Contents

The IPTV Set-Top Box package includes the following components:

- 1 - IPTV Set-Top Box IP Appliance
- 1 - Power Supply Unit (PSU) and A/C power cord
- 1 - A/V cable (composite video, left and right audio).
- 1 - S-Video Cable
- 1 - IR Remote Control

Quick Start: Connecting the IPTV Set-Top Box

1. Connect the Ethernet cable to your network jack.
2. Connect the preferred video and audio output jacks to the TV using the cable(s) provided.
3. Connect the power supply unit (PSU) to the Set-Top Box power input and plug-in the PSU.
4. Press the front panel power button to start the provisioning process.
5. Wait for a minute or so for provisioning to complete.

If provisioning fails, contact the help desk at helpdesk@trinitydc.edu
Closed Caption

To display closed caption text, enable the closed caption feature of your television. Closed caption data is generated by the Set-Top Box when available in the tuned channel.

Remote Control

Using the Remote Control

Please review the diagram below to become familiar with the IR remote control unit. The remote control functions are described on the following pages.
Features

- **Favorite Channels**: Set your favorite channels to get there by the click of a single button
- **Picture-In-Picture**: Watch programs inside of programs
- **Program Guide**: Know what is going to be on
- **Sleep**: Set the system to automatically shut off after a certain amount of time
- **Info**: Know what information is available on the program that you are watching
- **Internal System Sound**: Separate volume functions from your televisions
- **To Do List**: List of shows that will automatically come on when they are on

**Programming Your Favorite Channels**

1. On the remote, press the **Menu** button.
2. On the screen, use the up and down arrows to get to the selection that says **Favorites**, and hit the right arrow button to move to the next screen.
3. On the next screen, there is a list of channels. When you get to the channel that you would like set as a favorite, hit any of the three blue buttons that have the letter **V** and a number next to it, either 1, 2, or 3.
4. After you are done, you can hit the **Menu** button to exit out of the screen.

**Using the Channel Guide**

On the remote, press the **Guide** button, and from there, you can use the arrow keys to scroll down through the different channels.

1. If you hit the right arrow, you can head over to the other side and what is going to be appearing on that particular channel later in the day.

**Searching For Programs**

On the remote, press the **Search** button, and a screen will appear where you can use the arrow keys to navigate around the screen.

1. When you get on a letter that you like, press the **OK** button, and in the bottom right screen, there will appear a list of items that match the items that you are searching for.
2. If you click **OK** for one of the programs, it will add it to your **To Do List**. From there, it will automatically come up when the program is on.
Extra Remote Features

- **PIP, SWAP, HIDE**: *Not available on Trinity IPTV*
- **Bookmark**: Used with Video on Demand only
- **Chapter Back, Rewind, Play, Pause, Fast Forward, Chapter Forward**: Used with Video on Demand only
