

ARTICULATION AGREEMENT

College of Southern Maryland

Associate of Science in Nursing

8730 Mitchell Road
PO Box 910
LaPlata, MD 20646-0910

and

Trinity Washington University

Bachelor of Science in Nursing

125 Michigan Ave. NE,
Washington, D.C. 20017

College of Southern Maryland (hereafter referred to as CSM), a community college in LaPlata, Maryland and Trinity Washington University (hereafter referred to as Trinity), a four-year institution in Washington, D.C., agree to offer an articulated program leading to the award of an Associate of Science in Nursing and a Bachelor of Science in Nursing. CSM students who transfer with an Associate of Science in Nursing to Trinity will not have their coursework evaluated on a course-by-course basis to determine which of Trinity's general education requirements and discipline requirements have been met. CSM course agreements outlined below ensure that the transfer student will matriculate at junior standing.

I. PURPOSE

The purpose of this Articulation Agreement (the “Agreement”) is to establish collaboration between Trinity and CSM to facilitate the transfer and degree completion of students earning the Bachelor of Science in Nursing. This Agreement provides a systematic plan for students to continue their higher education beyond the A.S. degree from CSM. The following general principles guide the operation of this Agreement:

II. ADMISSIONS

Applicants successfully completing the articulated program with a 2.5 or better grade point average with no grade below a C to transfer, who have not matriculated at any other institution of higher education and who hold current, active RN licensure in the District of Columbia, Maryland, or Virginia will be guaranteed transfer admission to Trinity.

III. ACCEPTANCE OF CREDITS

A maximum of 92 credit hours from CSM will be allowed toward fulfillment of the 128 credit hours required for baccalaureate completion.

A. General Education Credits:

All courses meeting general education requirements at CSM will transfer to Trinity as shown in Appendix A. Courses not specified will be reviewed on a course by course basis for equivalency.

B. Credits Accepted from Other Institutions:

If courses are evaluated by CSM and applied toward the Associate of Science degree, the student must submit the score report to be evaluated by Trinity. Credit will be applied as determined by a Trinity evaluation.

C. Non-Direct Classroom Credits:

The maximum number of credits that will be accepted by Trinity toward degree requirements from non-direct classroom instruction (including CLEP, Co-op Education, AP, and other nationally recognized standardized examination scores) is 30. Non-Direct Classroom credits earned through any combination of approved examinations or college-level experiential learning may be applied toward the completion of a Trinity degree. Any applied credits of this type must be in addition to the minimum 45 credits taken at Trinity (see Undergraduate Student Transfer and Matriculation). Credit satisfying major field requirements will be determined by the appropriate Program Chair(s).

Undergraduate Student Transfer and Matriculation: Students transferring to Trinity in or after Fall 2002 from another appropriately accredited institution of higher learning for a bachelor’s degree must earn a minimum of 32 credits through course work at Trinity, excluding credits for experiential learning. Associations recognized by the United States Department of Education (USDE) and the Commission on Higher Education (CHEA) confer appropriate accreditation; these associations include but are not limited to regional accreditors.

IV. SCHOLARSHIPS AND FINANCIAL AID

CSM students who have completed an Associate of Science in Nursing will be given every consideration for financial assistance and will be eligible to compete for need and non-need based academic scholarships at Trinity.

V. BENEFITS TO STUDENTS

Trinity offers the following benefits for CSM students who transfer under this Agreement.

Trinity offers students an application fee waiver for those students who apply online. Upon acceptance to Trinity, CSM nursing graduates will meet one-on-one with the Trinity nursing academic and faculty advisor to review her/his curriculum plan and register for courses.

VI. PROMOTION/OUTREACH

CSM and Trinity agree to publicize this Agreement via, but not limited to marketing materials and information sessions. Trinity's logo and transfer pathway will be featured on CSM's transfer agreements website. CSM and Trinity agree to collaborate to ensure successful transfer day visits, and advising sessions.

VII. TERM/MONITOR/REVIEW

- A.** The initial term of this agreement shall be two years from the date of the last signature, with three (3) automatic renewals of two years each.
- B.** CSM and Trinity further agree to monitor the performance of this Agreement annually for the first year and biennially thereafter.
- C.** Trinity will establish a mechanism to provide information in aggregate on the academic progress of the CSM students enrolled as a result of this Agreement, including but not limited to statistical data compiled from non-specific student information.
- D.** CSM and Trinity agree to communicate program changes in a timely manner to avoid disruption of student progress toward degree completion.

VIII. TERMINATION

The Agreement may be terminated by either party for due cause and after adequate notice to the other. Termination of the Agreement will not affect any students currently enrolled at CSM in the name of major at the time of termination, and they shall be able to transfer credits pursuant to this Agreement.

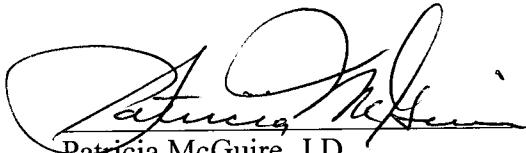

IX. APPENDIX

As part of this agreement, the following have been included:

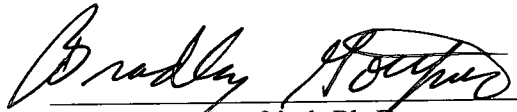

- A. An academic advising sheet showing requirements for a completed associate of Science degree in Nursing at CSM, additional pre-requisites to be completed at CSM, and upper level courses required to obtain a BSN at Trinity.

In witness thereof, the parties hereto have executed or approved this Agreement on the date entered below

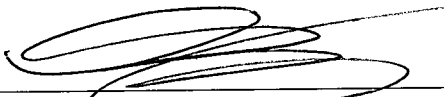

Entered into this 15th day of April, 2015.

Patricia McGuire, J.D.
President
Trinity

Bradley M. Gottfried, Ph.D.
President
College of Southern Maryland
