1	Desevered	May 1, 2013 12:42 PM
2	During my time at Trinity I had great professors but the majority of my professors were out of touch with the topic they were to instruct. What I found was that being in the SPS most professors had full time jobs during the day so by the time they reached Trinity, their part time evening job, they were not as engaged and instructing with the students. I observed this to be true for several professors. My Human Relations degree has not done much for me. The major itself was extremely broad with 37 electives - WHEW - thus I don't feel like I mastered any understanding of the degree. It serves more so as a 'general studies' degree rather than a human relations degree. One suggestion is to hire professors who have an interest in upholding Trinity's academic integrity and seeing that students receive THE BEST education that their money is paying for. Sadly, this was not my experience in the SPS but from the courses I took in CAS, I noticed those professors gave students their absolute best.	Apr 15, 2013 8:56 PM

8	I believe the Trinity degree is incredibly valuable - I noted that I wish I had developed better research and writing skills while at Trinity. This suggestion is particularized, as my current occupation is almost 70% research and writing - I definitely received excellent training -- I just wish I had done sought even more. education many people for various backgrounds because of my communication and interpersonal skills that were embedded in me while perusing my degree at Trinity. One thing I often think about is how I feel as though the teaching staff, students, and professors were robbed of the convenience of the Child Care center being taken away. Due to the fact that Trinity is about women, I believe that the closing of the Child Development Center in Cuvilly was prematurely decided on without input from staff. The convenience of the center being on campus made it flexible for many and the children received newly learned teaching tools from the student teachers and staff. I would love to know how and what would need to be done to reinstate the center because I would love to get the ball rolling. This would benefit the staff and student mothers who attend or would love to attend Trinity. Please reach me. tiana.truefaith@gmail.com 202-270-4054 Tiana Venable

17	I feel that the degree I received at Trinity is invaluable. I feel that I made the right decision to attend Trinity both for undergraduate and graduate. I had a rewarding experience.	Mar 22, 2013 11:01 AM
18	great college environment	Mar 21, 2013 8:53 PM
19	Love, Love, Love. I even came back for grad school years later. There is honestly nothing like Trinity to me.	Mar 21, 2013 5:02 PM
20	I loved my time at Trinity. I love my Trinity degree. I believe that I am a better person because of my degree. I understand the value of my decisions and how they affect my environment and others. I understand the importance of social justice, even in 2013.	Mar 21, 2013 3:18 PM
21	A college degree is now almost always required in my field. I would not have been able to increase my earning potential without my Trinity degree.	Mar 21, 2013 2:21 PM
22	I enjoyed my work @ Trinity; if it weren't for Trinity, I'd still be taking classes @ geo. Mason part time, hoping to graduate someday.	Mar 21, 2013 12:23 PM
23	My degree has opened many doors for me and empowered me to go as far professionally as I choose, but my degree and my time at Trinity also reminded me that I am responsible for my community.	Mar 21, 2013 11:37 AM
24	Nursing program was wonderful the professors are really loving and dedicated to the students	Mar 21, 2013 10:18 AM
25	I value my nine years of work at Trinity and believe it is extremely relevant to my work at my law firm job. The academic environment was deeply supportive and the teachers were excellent. Even though I was older, I value this part of my life so much and believe it has made me a more diverse and evolved human being.	Mar 21, 2013 10:04 AM
26	my Trinity degree has served me well however I would love to have been given the opportunity to take the praxis exam. I do hope that it will be offered in the near future, many people who graduate, need to take this exam as a way of helping out their career, because they will not always be able to get a job in their field and they can work as a teacher, who know some of them may like it. 27	Proud of my accomplishment, but my degree means little as I cannot find employment where I can earn a living wage.	Mar 21, 2013 8:15 AM
28	Amazing	Mar 21, 2013 7:20 AM
29	I loved my time there, I just wish I had gotten a more practical degree	Mar 21, 2013 12:27 AM
30	I am excited to have received a degree. It has been beneficial at work and in the community.	Mar 21, 2013 12:26 AM
31	I enjoyed completing my degree at Trinity. It has assisted me with developing the necessary skills to start my own therapy practice.	Mar 20, 2013 11:30 PM
32	Trinity NHP program prepared me to understand disease processes. The program can improve on preparing nurses for day to day operations. It was a reality check when beginning a career in nursing. Trying to organize care and multiple interventions for several assigned patients is challenging. Maybe it would be helpful to have students care for multiple patients at a time in a progressive manner. Start with one patient and increase throughout clinical experience.	Mar 20, 2013 9:58 PM
33	It was a great experience studying at Trinity.	Mar 20, 2013 7:54 PM
34	Amazing!	Mar 20, 2013 7:08 PM
35	If I am to be honest overall Trinity is a great school that I would encourage anyone to attend, however; they were a couple of very disappointing instances where the instructors had little if any experience. In my experience it seemed like Trinity made little effort to provide a better instructor.	Mar 20, 2013 6:57 PM
36	I love the field I chose to study but it's hard finding a career because of the competition with so many people.	Mar 20, 2013 6:37 PM
37	Self-driven should have taken more consortium classes	Mar 20, 2013 5:53 PM
38	I love my degree in history, but my certificate in Intelligence studies did absolutely nothing to help me get a job. I was very disappointed that I committed most of my college career to that program, with promises of employment, only to find out that we had to apply to the same huge pool of applicants, and had no contacts at the agencies. I wish I had instead pursued studies like sociology, and international affairs.	Mar 20, 2013 5:25 PM
39	I am grateful Trinity's International Affairs Program required a lot of research and writing to prepare me for my job. Also, the Theology classes that were required to take prepared me for a better understanding of the world's religions which play a huge part in International Affairs.	Mar 20, 2013 5:17 PM
40	My Trinity degree served me well	Mar 20, 2013 4:39 PM
41	Awesome!	Mar 20, 2013 4:15 PM
42	I would not be where I am today if not for Trinity. I would not change my decision to go to Trinity. My education has served me very well.	Mar 20, 2013 4:06 PM

43	My Trinity experience was wonderful! I discovered talents that were unrealized until I met my English Professor Dr. Padgett. Can't say that I feel the same about Trinity today and would not recommend this University to anyone. Trinity today appears to want to make money at the expense of their lower income students.	Mar 20, 2013 4:01 PM
44	Honestly, I think Trinity will accept almost anyone, and that is not a good thing. I came back for graduate school because I knew it would be easy, which it is. Most of the instructors are unprofessional with the exception of a few. The faculty turnover rate is pretty bad. I had 5 advisors during my undergrad at Trinity.	Mar 20, 2013 3:50 PM
45	Overall, I am very happy with my experience while attending Trinity University.	Mar 20, 2013 3:45 PM
46	I thoroughly enjoyed Trinity and it helped me grown into the successful woman that I am today. Since I graduated, I had my first cousin graduate, and in 2013 a family friend will also graduate from Trinity. This year, a previous student of mine enrolled and was accepted and is moving forward with her education. All of this to say, that I hold Trinity very dear to me, and recommend the University to anyone who is applying to college.	Mar 20, 2013 3:35 PM
47	College Degree...check! My number one goal at that time in my life has been achieved. It only took me 9 years of study but I did it!	Mar 20, 2013 3:31 PM
48	AMAZING!	Mar 20, 2013 3:28 PM
49	More writing assignments necessary. Longer assignments, too. 20 page assignments.	Mar 20, 2013 3:19 PM
50	Glad I had an opportunity to complete school and work. Happy Trinity catered to a working woman's schedule. Most appreciated. American University, although a great school--does not cater to working class. I thought this was automatic based on my experience at Trinity--boy was I wrong.	Mar 20, 2013 2:50 PM
51	I am proud to be a Trinity graduate and appreciate the rigor of its academic program. Without it, I would not have been adequately prepared for graduate school. My Trinity experience helped me realize my full potential and ability, as well as sparked a lifelong passion for learning.	Mar 20, 2013 12:56 PM
52	I think they need to put into place a better career services center for their students. during my enrollment at Trinity, I went to their student/ career services center and the staff working there seemed to have limited resources to help me decide which career path was a good fit for me. In addition, they did not have any up to date information concerning internships within my major around the Washington Metro area. I had to search on the internet to find places that had internship programs and go to my advisor. I also feel that Trinity should try to set up a better system concerning placing advisors with students. they should make sure that the advisor is a professor or staff member in the same discipline as the student. My advisor was very helpful, however her background in English did not provide her with the correct skills and knowledge to help me find positions in the Communication/ Journalism field.	Mar 20, 2013 9:14 AM
53	I wish Trinity had provided more encouragement when it came to technology and	Mar 19, 2013 6:16 PM

	entrepreneurship. With Trinity's excellence in teaching the idea of "reaching back", mentoring on career strategy and fostering innovation amongst the undergrads could turn Trinity into THE space for philanthropic entrepreneurship in the Mid-Atlantic, or hopefully, the nation. Push the students harder. Ask for more. Women will rise to the challenge and exceed expectations.	
54	NA	Mar 18, 2013 5:08 PM
55	Obtaining a degree from Trinity was the best decision! People know that Trinity is a great school and women filled with integrity and honor.	Mar 16, 2013 1:12 PM
56	I believe the major I studied under should be renamed to be more fitting of the time.	Mar 16, 2013 9:45 AM
57	I believe my Trinity degree provided me with a foundation on which my future endeavors could and can be built. It has proven itself in my graduate studies, at internships and my current career through my skill set, hard work, and determination that I learned while I was at Trinity. At Trinity I gained more than just knowledge in the classroom, but also values that I live by everyday.	Mar 15, 2013 5:38 PM
58	I enjoyed my Trinity experience within my undergrad and also graduate school courses. The small class size really helped and also the people were great throughout my 7 year education. I enjoyed the campus and how close knit of a family that we all shared.	Mar 15, 2013 6:36 AM
59	Very proud to have it and regardless if I find a job in the English field, I am very happy with the coursework and Professors I had while at Trinity.	Mar 14, 2013 11:26 PM
60	It helped me get a better job with better benefits.	Mar 14, 2013 9:43 PM
61	I LOVE TRINITY!!!	Mar 14, 2013 9:00 PM
62	I started Trinity as an older student. It had been my life's dream to attend college. One day I was in my car and heard a commercial for the weekend college. I attended an open house, which convinced me that Trinity was the place for me. It's the best decision I've ever made!	Mar 14, 2013 6:23 PM
63	Truly appreciate the help and professionalism everyone brought to the school in trying to make sure everyone succeeds. From the time I walked through the door until the time I walked across the stage.	Mar 6, 2013 8:53 PM
64	Excellent learning experience at Trinity University.	Mar 6, 2013 8:49 PM
65	After working for 37 years and retiring from that job, I was able to secure a part-time position working three days a week as an accountant making the same salary that I retired at with thanks to my Trinity degree.	Mar 6, 2013 8:41 PM
66	I was paired with the most extraordinary women and professors during my academic years as a student. I learned how to believe all things are possible as long as you believe in myself and expect the best for myself.	Mar 6, 2013 8:24 PM
67	Wish that the program was more robust. The Communications Dept. was absolutely wonderful, just wish I had more time to work on meaningful work with them.	Mar 6, 2013 8:16 PM

68	Looking back, I wished I would have sought out more help for my writing.	Mar 6, 2013 8:10 PM
69	I would not be where I am today if not for Trinity. It provided me the foundation upon which I have been able to build my career. If I could do it all over, I would not change a thing.	Mar 6, 2013 8:07 PM
70	It was useful to allow me to get a full time entry level job.	Mar 6, 2013 8:00 PM
71	I feel as though my human relations degree has helped me understand my social environment better. I'm happy I chose this program and Trinity.	Mar 6, 2013 7:45 PM
72	Prepared me for my future.	Mar 6, 2013 7:33 PM
73	I really enjoyed my time at Trinity. I loved the chance to get to know my professors as if they were my own family and getting that 1 on 1 attention that a small school offers. I have found that my time in undergraduate has given me a great foundation when I was in graduate school and even now in my career working for the State Department.	Mar 6, 2013 7:30 PM
74	I wish my degree would have helped me land a job.	Mar 6, 2013 7:23 PM
75	Invaluable.	Mar 6, 2013 7:14 PM
76	You get what you put into it.	Mar 6, 2013 7:11 PM
77	Best decision I could have made! I loved my time at Trinity.	Mar 6, 2013 5:53 PM
78	I found my time at Trinity to be very valuable, in particular because I was able to form real relationships with my professors.	Mar 6, 2013 5:45 PM
79	Valuable experience though I wish the school would have accepted more students who were from other states, instead of Washington, DC. The student body was not diverse enough.	Mar 6, 2013 5:38 PM
